### Flu Vaccine

---

To: Resident/Family

It is that time of year when flu season is beginning. The Department of Public Health (DPH) are encouraging all residents to receive the flu vaccine. It is anticipated the vaccine will be available soon and will be offered to all residents free of charge.

Enclosed you will find a most up-to-date CDC flu vaccine information statement in both [English](#) and Chinese. We have had your loved one's annual flu vaccination consent in our record. We will set up a date and time for your loved one to receive the vaccine if you have consented it. If you change your mind, or you have declined the vaccine in the past and want your loved one to receive it this flu season, please contact a nurse or unit manager on the unit.

It is very important that you consider having your loved one receiving the flu vaccine for your family, staff and the resident's wellbeing. If you have any questions, please contact me directly.

Thank you.
